

How to prepare for the BM1 exams winter 2020

You will meet your two examiners on zoom. Via a shared screen, we will ask you to

- * read a short article out loud
- * summarise it
- * answer questions about single words or phrases as well as
- * about chosen grammatical features (f.ex. what kind of clause is this, or turn direct into reported speech, make a conditional clause etc.)
- * comment on highlighted passages to start a little discussion concerning the content of the article.

after 15 minutes, your examiners will put you in a breakout room to share their impressions, after which you will receive direct pass or fail feedback.
