

INFO SHEET ORALS SM 3

Type of exam:	oral exam, via Zoom
Duration:	25 mins
Language:	English
Examiners:	1 (+1 observer)
Impact on final grade:	50% GS/SF 33% HRSGe
Registration:	Choose your examiner and register via KLIPS. Please note that the dates on KLIPS are fictitious; your examiner will agree on an examination date with you, once you have registered and contacted them to discuss possible topics.
Subject of exam:	Classes of the SM 3 (PELT/CELT) As stated in the MHBs, students are expected to demonstrate their thorough understanding of key questions and concerns in ELT and to reflect on findings from language and literature pedagogy, SLA research and studies on media literacies and their relevance for the practice of teaching. The ability to critically assess theories and specific concepts is as important as the ability to integrate empirical findings and to outline ways of modelling ELT situations against the background of curricula, competence expectations, and demands of inclusive education. Please note that while topics will be agreed upon individually, we expect you to be familiar with the basics of ELT theory and methodology. The following works can be taken as guidelines for what we mean by that: Grimm, Nancy, Michael Meyer and Laurenz Volkmann. <i>Teaching English</i> . Narr Francke Attempto, 2015. Surkamp, Carola and Britta Viebrock (eds.). <i>Teaching English as a Foreign Language</i> . Metzler, 2018. These books can serve both as reference and as inspiration for potential topics. Feel free to suggest topics that came up in the context of the classes you attended. Think of the exam as less of a presentation (unlike the SM1) than an informed scholarly exchange in which you explore how theory and practical considerations can be combined.
Legal matters:	Since the exam will take place via Zoom, you are kindly asked to read the regulations concerning data privacy. Further, you need to sign the declaration of authorship and send it back to your examiner before taking the exam.
