Prüfungsleistung

Modulabschlussprüfung BM1 Language Practice

- The module exam for BM1 is **the same for every student**, irrespective of the school form you are preparing for.
- The BM1 consists of an **oral exam (15 mins long)** and a **written exam (60 mins)**.
- The **date indicated on Klips** is the **date of the written exam** – it always takes place on the last Saturday of the term; the **oral exams** take place BEFORE that, in **the last week of term**. The dates for the oral exams will be published at the latest 14 days before the exams. If your exam slot collides with another class you have to take, you can get a form to excuse your temporary absence.
- In the **oral exam**, you will be teamed up with another student. We will prepare an article for you to read, summarise and discuss, dealing with topics of general interest. We will also ask some questions concerning grammar and vocabulary, generated from the text.
- In the **written exam**, you will be asked to translate a short text as well as answer a few questions concerning sentence analysis, word formation, error analysis and other grammar-related issues.
